

An unexpected situation.

Finally, summer is coming! It was a difficult year at school but fortunately my favorite season is here. I had planned to go on a vacation. I would be going with my friends camping in the forest, but suddenly something unbelievable had happened. The Corona virus, Covid-19 changed my plans.

Surprisingly, we understood we're not allowed to go out, we are stuck in lockdown. We started online chatting and meeting. But being online all the time on our phones strengthen our nerves.

To avoid any virtual bullying, we decided to try to be creative and think about something enjoyable. The great idea that came up to our mind was to go on a virtual camp near the sea. We invited all our friends from Open Minded Generation project.
